

PREPARING FOR STATE CAMP.

Troop A Will Be the First to Go to Peekskill.

The Grounds Will Be Opened a Week from To-Day.

National Guardsmen of New York and Brooklyn are making preparations for their annual camp at the State Camp at Peekskill, the assignment having been made in a general order by Adj.-Gen. Porter.

The camp opens a week from to-day, June 14, and continues until Aug. 4. Gen. Louis Fitzgerald and staff, of the First Brigade, and Gen. McAlleer and staff, of the Second Brigade, will go into camp June 15 and remain till the close of the season. The Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth, Sixteenth, Seventeenth, Eighteenth, Nineteenth, Twentieth, Twenty-first, Twenty-second, Twenty-third, Twenty-fourth, Twenty-fifth, Twenty-sixth, Twenty-seventh, Twenty-eighth, Twenty-ninth, Thirtieth, Thirty-first, Thirty-second, Thirty-third, Thirty-fourth, Thirty-fifth, Thirty-sixth, Thirty-seventh, Thirty-eighth, Thirty-ninth, and Fortieth regiments will be there.

Troop A will go into camp June 16 and remain one week. At the same time the Second, Sixth, Twelfth, Thirtieth, Twenty-first, Twenty-third, Thirty-second, Forty-sixth, and Forty-eighth separate companies will be there.

The Ninth Regiment will go to Peekskill July 1 for a week, and will have for camp mates the Thirty-second, Thirty-third, Thirty-fourth, Thirty-fifth, Thirty-sixth, Thirty-seventh, Thirty-eighth, and Forty-first separate companies.

The Eighth Battalion, of this city, Major Chaney and the Thirtieth Regiment, of Brooklyn, will camp July 21 to 28. From July 28 to Aug. 4 Brooklyn's Fourteenth Regiment will hold forth alone.

The First Battery, Capt. Wendell, is detailed to three weeks' camp duty, from June 16 to July 7, inclusive. The Second Battery, Capt. Wilson, relieves Capt. Wendell's battery for two weeks, from July 7 to 21, inclusive. The Third Battery, Capt. Hargis, goes into camp July 21 and remains till Aug. 4.

Commander Miller, of the Naval Reserve, has issued orders to the First Battalion to go on a week's cruise, for which a United States warship will be assigned July 21. They must prepare for rifle practice also; the officers, staff and First and Second Divisions to visit Creedmoor for practice June 19, and the Third and Fourth Divisions June 21.

Seaman B. Seagrave has been appointed chief boatman's mate.

One Horse Kills Another.

James Hater, of 521 West One Hundred and Forty-second street, was driving a light wagon last evening when the horse became unmanageable at Seventh avenue and Hundred and Forty-second street, and ran into a horse owned and driven by Matthew Kelly, of 104 Madison avenue, killing Kelly's horse.

BUTTERCUP SOAP THE RAGE.

Every One Likes It, and the Maker Offers Gold to Customers.

One hears of nothing these days but Buttercup Soap. The magnificent offer of the Buttercup Soap Company to divide \$500 in gold among its customers for the solving of a simple puzzle has taken the town by storm, and storekeepers have hard work to supply the demand. According to conditions, the first person who correctly names the authors of the quotations published in the advertisement of Buttercup Soap in "The Evening World" of June 6 will receive \$100 in gold. This is a game where one has everything to gain and nothing to lose. Even if one fails for the prize, he still has a cake of what is guaranteed to be the purest soap manufactured. Buttercup Soap will find instant favor with the fair sex, for it is unexcelled as a beautifier.

\$4.50 IS THE PRICE OF COAL.

That Is What "The World" Charges, and It Is a Fair Price.

That the people appreciate "The World's" efforts to bring the coal combine to reason is shown in many letters from readers. Some of the coal dealers are secretly sending to old customers at larger reductions from the prices set up arbitrarily by the combine, and are as desirous as their custom "s" that the combine withdraw the schedule and permit open competition. "The World" will continue to deliver coal anywhere in New York or Brooklyn at \$4.50 a ton, and people who have been unable to find a dealer who will sell at reasonable figures can leave their orders at "The World's" New York or Brooklyn office.

OPENED THE WRONG DOOR.

Then Pfeiffer Fell Down a Flight of Stairs, and Is Dead.

Charles Pfeiffer, a machinist, fifty-four years old, fell down a flight of stairs at his home, 305 East Seventy-fourth street, last night. His skull was fractured, and he died in a few moments. On the second floor of the house there are two doors close together. One leads to a pantry; the other opens on a flight of stairs. Pfeiffer got mixed in the dark, believing he was walking into the closet, fell headlong down the stairs.

THE BARTLETT FAILURE.

No Statement Will Be Ready Before Monday Afternoon or Later.

William W. Goodrich, the auxiliary receiver for Edward B. Bartlett & Co., and the Union Warehouse Company, which assigned yesterday, has a number of accountants at work on the books of the concerns, endeavoring to compile a statement of the assets and liabilities.

Mr. Goodrich told an "Evening World" reporter today it would be impossible to get at any figures before Monday, and he feared that the meeting of creditors called for Monday afternoon would have to be postponed, as it was very doubtful whether a statement would be ready.

A. D. Henderson, Secretary of the Union Warehouse Company, said his force was doing everything it could in the statement. Work would go on tomorrow, and things would be in shape by Monday afternoon, if possible. The heaviest creditors are said to be banks, from whom Bartlett & Co. borrowed money to put into the Union Warehouse Company.

Cowboy Horses Raced to Death.

(By Associated Press.) CHADRON, Neb., June 8.—Much indignation has been aroused here by the knowledge that four of the nine horses that were started in the hundred-mile cowboy race are dead from the effects of usage received. One dropped dead on the last mile. An effort was made by the managers to cover up this fact. Warren has been for the arrest of several persons connected with the race.

HE CALLS FOR PATRIOTS.

A Noted Sicilian Refugee is Seeking Fighters Here.

Monteleone Says a Revolt Against the King is Ripening in Italy.

There arrived in New York two weeks ago one of the few leaders of the late Sicilian revolution who escaped Italian prisons, in the person of Prof. Antonio Monteleone. The Professor is accompanied by his wife and two tailors of Sicily, who may also be described as refugees. For the present they have taken quarters at 303 East Tenth street.

To a number of friends who sympathize with the laboring classes in Italy, the Professor stated that the object of his visit to America was to organize a Fascio del Lavoratori, a union of labor, under the auspices of the New York section of the Socialists. The first steps in this direction will be taken tomorrow night at 5 Spring street.

Prof. Monteleone hopes ultimately to change his proposed Fascio del Lavoratori into a band of revolutionists who will go to Sicily, and under his leadership participate in an uprising against the Italian Government, which he confidently expects will take place in about a year. He has expressed himself freely since his arrival on the Sicilian troubles.

The people, he says, are oppressed by the Italian Government beyond the power of endurance. The Socialists, he says, are the only party which represents the interests of the Government, which represents the interests of the State Treasury, left a deficit which the new Ministry under Crispien has vainly tried to meet. The last outbreak, which was a protest against taxation, was led by some of the ablest men in Sicily, members of Parliament and several professors in State colleges being among those who were subsequently sent to prison for long terms because of their avowed sympathy with the movement. Over 20,000 men took part in the demonstration. The rebellion spread so rapidly that a last resort, the Government was forced to send for Crispien as the only man in Italy capable of coping with the difficulties of the situation. But even Crispien, the Bismarck of Italy, will, in Prof. Monteleone's opinion, be unable to stem the tide which has set against the King and the present form of government.

Italy is bankrupt, he declares, and increased taxation is an absolute necessity. Increased taxation, he says, will precipitate another outbreak. It is to prepare for this expected uprising that he will seek to organize an American band of volunteers.

Prof. Monteleone was formerly connected with a college at Genoa as Professor of Languages. His escape from Italy was due mainly to the stupidity of the police, who were watching for him at the steamship pier when he walked by them without any attempt at concealment and was not recognized.

RAN INTO THE POLICEMAN.

Maniac O'Connor Thought a Nervous Woman Was After Him.

The doctors at Bellevue Hospital are trying this morning to discover exactly what is the matter with Thomas O'Connor, who says his relatives live at 166 Third avenue.

O'Connor created no little excitement last night by chasing madly down Madison avenue. He had pulled his hat well over his ears and seemed to run for dear life. Now and then he would cast a frightened glance behind to see if he was pursued. He did this at Twenty-seventh street, and ran plump into the arms of Policeman Gilligan.

The policeman held the man, who began to struggle. "Let me go! Let me go! She is coming after me with a gun!" O'Connor shouted.

Policeman Gilligan appeased him by promising to arrest the imaginary pursuer, and sent his charge to the hospital.

IS LANNIGAN INSANE?

He Prayed for the Salvation of the Ambulance Surgeon's Soul.

While going through Eleventh street, near First avenue, at 3 o'clock this morning, Policeman Carroll came upon a man praying in front of the Old Calvary cemetery. When the man saw the policeman he shouted: "The Lord is here," and threw his arms around the policeman's neck.

At the Fifth street station the man said he was Thomas Lannigan, a laborer, forty-two years old, of 55 East Thirtieth street.

"In the presence of the Lord," said he to the sergeant, "we are going to heaven."

The sergeant telephoned for an ambulance, and Dr. Ferrell pronounced the man insane. On the way to the insane pavilion at Bellevue Hospital Lannigan prayed that the soul of the ambulance surgeon might be saved.

The man's brother says Lannigan has been acting strangely for several weeks.

ELECTION CONTESTED.

Dakota County, Nebraska, Republican Alleges Fraud.

(By Associated Press.) OMAHA, Neb., June 8.—The Democrats elected all the officers of Dakota County, Neb., last Fall. It occasioned much surprise, as the county had always been overwhelmingly Republican. But has been filed in the Supreme Court by the Republican Central Committee contesting the whole election.

It is alleged that numerous gross frauds have been discovered by which the Democrats carried the election. Sensational developments are looked for.

Hornes' Distinct Boat Capsized.

(By Associated Press.) ELKTON, Md., June 8.—Hornes' Distinct Boat, Philadelphia, who in the summer resides at Seneca Point, in company with his wife and three other ladies, are out sailing on Thursday last on the Northeast River. When over a mile from shore the boat capsized, throwing the occupants into the water. Another boat rescued the entire party.

(By Associated Press.) WEST SUPERIOR, Wis., June 8.—Harry Baehre, who represents the 'Wenlers' traveling East from the Pacific coast, is here trying to charter a vessel to take a load of men to Buffalo via the Great Lakes. His credentials are signed by the A. R. U. of Seattle.

HOPE FOR UMPIRES.

A Way Found to Have Their Decisions Respected.

Umpires have a hard time of it. If they decide against a popular player or the popular club everybody begins to hoot and howl. Secretary Stackhouse, of the New York Club, has devised a way by which the umpire's decisions will be respected.

WHERE THE UMPIRE COMES IN.

It seems incredible that a plan has been found after all these years of bickering, and friends of the game will read "The World" to-morrow with hope and doubt. If Mr. Stackhouse has made a safe hit he will be congratulated.

IS A CORPSE AT THE MORGUE.

A Young Far Rockaway Matron Commits Suicide.

She Was Mrs. Adam Moran, Afflicted with Hopeless Inebriety.

The corpse of Mrs. Annie Moran, the young wife of Adam Moran, son of a wealthy builder of Far Rockaway, lies at the Morgue this morning, awaiting instructions from Mr. Moran.

Mrs. Moran was removed to Bellevue Hospital from 217 East Thirty-eighth street, at 10:20 P. M. yesterday, suffering from the effects of carbolic acid, taken with suicidal intent. She died in less than an hour.

The woman had been a confirmed dipsomaniac for some time. Her husband was compelled to separate from her about six months ago. He made her a reasonable weekly allowance, however, and she increased this stipend by working in a cigarette factory.

Mrs. Moran frequented the saloon of Adam Barth in Thirty-eighth street. Last night she told Barth that she intended to stop drinking. She left the saloon and bought a drug store nearly a pint of carbolic acid. She took a large part of it soon after, and when discovered by the neighbors was beyond medical skill.

OBJECT TO GOV. ALTGELD.

Protests Against His Being Invited to College Commencement.

(By Associated Press.) CHICAGO, June 8.—The invitation to Gov. Altgeld to be present at the commencement exercises of Northwestern University has raised a storm of protests from friends of the college, and the University has announced that he will not sit on the platform with the Governor, and other prominent people have decided on a similar course.

Judge Horton says that while he does not know that Gov. Altgeld is an Anarchist, the fact remains, according to the Judge, that the Governor is generally believed to be one, and is not a fit man to attend the commencement exercises as an honored guest. The commencement will take place at the Auditorium next Thursday.

GIVEN UP ALL HOPE.

Excema Turning to Blood Poison, Treated by Specialists Seven Months Without One Particle of Success.

BODY RUNNING SORES, Condition Terrible. Life a Burden. Tried Cuticura. In Three Days Attended to Business. Cure Permanent.

In the spring of 1891 I took that dreadful skin disease Excema, which turned into blood poison. I consulted the best-known specialists in this city. They treated me for seven months; I never derived a particle of good from any of them. They had given it up as a hopeless cure. I was covered with sores from head to foot; I had running sores all over me, some of them as large as a box of your CUTICURA. It cost me hundreds of dollars with those so-called specialists. My condition was terrible; life was almost a burden to me. I could not eat, drink or sleep; I was unable to walk and had given myself up as dead. I tried all medicines imaginable, until a friend told me of your CUTICURA. I bought a box of CUTICURA REMEDIES. I sent out and got them, and when I took the first dose of your CUTICURA RESOLVENT I felt little better. With three boxes of your most valuable CUTICURA and one bottle of CUTICURA RESOLVENT I was a new man. In three days I was up walking around and attending to my business, and it is the CUTICURA and CUTICURA RESOLVENT that saved me from the jaws of death. This is two years ago. I wanted to see if it had been driven out of my system, and I can say I have never had any trouble since for two years.
